Date: January 31, 2022, 7:00 pm

Meeting Location: ZOOM

Others present: Andy Nelson, Lowell Larson, Joe Fox, Tammy Creasy

Discussion regarding beginning rehearsals: The feeling is that it's time to go back, positivity rate is falling. Sports events in MN have not been being canceled. No motion is needed because the motion was for a two week halt. Bell covers should be worn if on hand. Andy has a supply as well.

We will review available covers, consider ordering some more. 4 masks are available as well, and also 1 flute.

Joe will send an email out to band members regarding band rehearsals starting back up, mask requirements, and bell covers. When not playing, masks need to be worn, and playing with mask recommended.

Joe – estimate to set up and tear down band shell in Tech HS - \$180. Approval by board? Andy suggests we look at the space Monday night before making the decision. Another \$90 for the space. We need to make arrangements for camera and microphones. Joe has a digital recorder that can record the audio – he will be out that day, but will arrange for the recording to be done. Patric and Mike to work on possibilities for video recording.

Recording of concert is Feb. 21. 7 or 8 pieces – about 30 minutes.
